Candler, Bulloch, Bryan, Effingham and Chatham...
Fresh RPMs coming to I-16 eastbound

What: Weather permitting, a Georgia Department of Transportation contractor will remove/replace Reflective Pavement Markers (RPMs) on Interstate 16 from Candler County eastbound to Chatham County through Friday.

This is a slow-moving operation that requires rolling lane closures between the hours of 9 a.m. and 8 p.m. The reflectivity of the RPMs enhances visibility for drivers at night and in inclement weather. Motorists are asked to use caution, reduce speed and remain alert to changing traffic conditions.

When: Daily work runs from 9 a.m. to 8 p.m. starting today and ending Friday, June 17

Where: I-16 through Candler, Bulloch, Bryan, Effingham and Chatham counties from mile 94.5 to 152
